

I arrived at Tauranga Boys' College 1 ½ years ago, and I now have a different lifestyle to the one I had in China. It has been great to go to the beach, learn to surf and play rugby with my Kiwi friends.

The teachers at Tauranga Boys' have really helped me. The ESOL teacher is really kind and helps us a lot. Classes are smaller than in China, so the teachers can help more and are very friendly. The Kiwi boys at Tauranga Boys' are fun and are really funny. When I first arrived I struggled with my English, being in the same classes and talking to the Kiwi boys has really helped me to improve my English.

My homestay family is very kind. I really like going away camping with them and doing other activities. My homestay dad is a really good cook and I especially like steak.

Tauranga is not a big city, but it is a very nice environment to live in, with lovely beaches nearby. It is also good because there is not many Chinese students that live here. We can take Chinese lessons here and gain credits from the local Chinese school.

Tauranga Boys' is an only boys school, but the good thing is we can do social activities with the girls school nearby.

I think you would like to come to study at Tauranga Boys'. This has been a new experience being a student at a only boys' school, but it is good because the boys can compete against each other and it has made me work harder to get good grades.

Come to Tauranga Boys' College, I have had a great time here and you will have a memorable time as well.
