Students Voice

Tauranga Boys' College gives us the opportunity to hang out with kiwi boys, learn the culture of this country and to be able to travel around the North Island of New Zealand. It helps me widen my views and New Zealand feels like my second home. I'd like to say thank you to my family and Mrs Roff. You have given me a great opportunity to stay in New Zealand and study at Tauranga Boys' College.

Jangmin (Harry) Lee
Korea

The school is very amazing and gives us a lot of choices and support. The staff in the international department will take care of you, helping you find your own path. They will also look after you, and help you with any problems you have such as your educational problems, homestay issues, etc.

With all kinds of support, encouragement and hard work, I finally got Excellences in both my internal and external assessment.

Hong Kong

I am enjoying my school life because my school is satisfying. The first reason is the International Centre where they support students who come from another country. They also plan awesome trips and events.

One reason why I selected this school is that I wanted to play rugby in a stronger team in New Zealand. I am enjoying staying and studying at this school, so I recommend this school to you if you want to have a good time in New Zealand.

Haruki Kawaoku
Japan

One big difference is that Tauranga Boys' College has lots of different options, but in Thailand you don't have any options only clubs once a week. I can now understand everyone better than I could before. My Kiwi friends and my teachers and my homestay have all supported me and helped me to improve.

Nutthi Wongthanawit
Thailand

I enjoy my time at Tauranga Boys' College as the teachers are friendly and the courses are interesting. I also like the atmosphere here. It is less intense than the schools in China so I can do my hobbies, for example going to the gym.

The homestay family is wonderful and there is nothing I could ask for to improve it.

Jiangyiwen (Joshua) Zhang
China

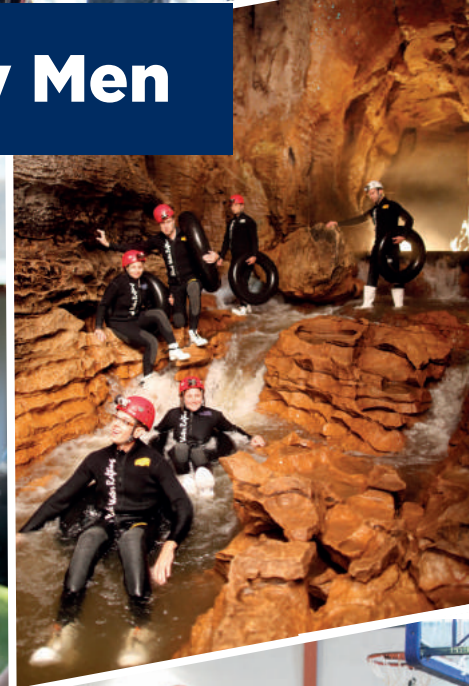

I'm glad I have been able to go live in this beautiful country and this wonderful school. I'll make the best of this opportunity to study and achieve to reciprocate my family's help and care.
