

Tauranga Boys' College aims to be 'Best for Boys' and is a Government approved Secondary School for boys and was founded in 1958. The college has approximately 2,000 students and gained a national reputation as one of the best state schools in New Zealand.

Our college values the goodness of tradition and it provides opportunities for boys to expand their range of skills and abilities as they work through the process of becoming good men.

Tauranga Boys' College is committed to the pursuit of excellence.

As the recent Education Review Office Evaluation said, High levels of pastoral care and student success are a priority for the school. The school is achieving excellent outcomes for the large majority of students.

Tauranga is a very welcoming city and has a population of approximately 140,000 people, it is the 5th largest and the fastest growing city in New Zealand making it an exciting vibrant city to live in. Auckland, New Zealand's largest city is only two and a half hours away by car or 30 minutes by plane.

Tauranga has a sub-tropical climate and boasts about 2,400 hours of sunshine every year, well above the national average. As a city we pride ourselves on being safe, respectful and inclusive. Tauranga is a desired place to live, therefore we can attract top quality teachers to our city to teach in our schools to provide all students a top quality education. We can also as a city provide caring, nurturing homestay families. We as a city have a lot to offer and it is no secret that Tauranga is loved by locals and visitors alike.

#### International Centre

Hi, my name is Annette Roff and I am the International Director, we have between 50 and 60 students from countries all around the world. One of my main roles is to ensure that your son is happy, safe and engaged in his learning to ensure academic success. I also have a friendly supportive team that are here anytime to assist with anything your son needs. We all aim to be the best we can be to offer the boys in our care the highest standard of pastoral care and guidance. This will ensure that both their home and school life are as memorable and rewarding as possible.

Our homestay families are some of the best our city has to offer and they most definitely provide all students a caring nurturing environment where they feel a sense of belonging. We pride ourselves in providing 24/7 support for all our students and their families. Number one for me is making sure all of our boys are happy, safe, well supported and encouraged to be better than before to achieve both their academic and personal goals.
