WELCOME TO TAURANGA BOYS' COLLEGE

Tauranga Boys' College aims to be 'Best for Boys'

by being dedicated exclusively to meeting the educational, social and developmental needs of boys as they journey from boyhood to manhood.

We have a commitment to continuous improvement as we challenge our boys to strive for excellence in academic, sporting and cultural activities in a male context.

We are proud of our school's traditions and it's heritage, whilst being firmly focused on preparing our young men to face the challenges of the future. I invite you as an International Student to be part of our College and its future and look forward to meeting you.

OUTDOOR EDUCATION

**Guiding 'boys'
aged between
13 & 18 to be
'good men'**

Extreme Adventures

Outdoor Education complements the regular school programme. It provides opportunities for learning, different from those in the classroom.

It puts the students directly in touch with nature and helps them to recognise and value relationships within the natural environment and, through this, the importance of conservation.

Here at Tauranga Boys' College we provide unique opportunities that many students would otherwise be unable to experience.

**Exceptional
experiences**

Camps Offered

There are many camps and trips that take place in the Outdoor Education department each year (see below). These camps are designed to maximise student-learning outcomes in an Outdoor setting and have the highest levels of safety management in place.

International students are an integral part of Tauranga Boys' College and the Outdoor Education programme. Usually international students just attend the camps/trips that relate to their current course, usually 12, 13. At times however we find these students wish to be involved in the other ODE or PE camps/trips.

Students Voice

Tauranga Boys' College gives us the opportunity to hang out with kiwi boys, learn the culture of this country and to be able to travel around the North Island of New Zealand. It helps me widen my views and New Zealand feels like my second home. I'd like to say thank you to my family and Mrs Roff. You have given me a great opportunity to stay in New Zealand and study at Tauranga Boys' College.

Jangmin (Harry) Lee
Korea

I graduated from UC Berkeley with simultaneous degrees in Business Administration and Statistics after four years at the best public University in the world.

Still, as I meet more people and more people in the States, I have slowly realised that there is one part of me that makes me unique, different from the rest; the four years I spent studying at Tauranga Boys' College. Not only was I able to solidify my academic abilities, I also learned, through my peers, teachers and the staff, about the many qualities that makes a good man: humility, respect, humbleness, discipline, and determination. Only in retrospect have I realised how much Tauranga Boys' College has impacted on my life and has helped me to grow as a young man and for that I forever cherish my experience.

Students Voice

Tauranga Boys' College is modern and we use Google classroom for lessons. Outdoor Education is well organised and fun.

The International Centre is very professional and the staff are very friendly.

I have lots of friends and kiwi boys at the school come to me and are interested in learning about my culture.

Mats Linden - Germany

I arrived here in New Zealand one year ago. I have really enjoyed my time in New Zealand and the experiences as a student at Tauranga Boys' College has been really good.

I played rugby for the under 15's and under 16's during my time here at Tauranga Boys' College.

After being here for six months I became International Student Leader and I was pretty glad about that!

Nick Hamster - Germany

Tauranga Boys' College taught me to be confident, respectful and independent. I have learnt a lot about myself and how to handle hard situations. I'm thankful to be a part of Tauranga Boys' College.
